DETAILED ACTION

1. Applicant's election of Group I (Claims 1-8 and 13) in the response filed 18 SEP 02 (i.e. paper No. 4) is acknowledged. In addition, the examiner acknowledges the applicant's preliminary amendment in paper No. 4 wherein Claims 1-14 have been joined into a single invention. Accordingly, the restriction requirement has been reconsidered and Claims 1-14 will be examined together. Claims 15-16 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention. It is noted that the applicant did not distinctly and specifically point out any supposed errors in the restriction requirement, therefore the election has been treated as an election without traverse (MPEP § 818.03(a)). The restriction requirement has been reconsidered, is deemed proper and is therefore, herein made FINAL. An action on Claim(s) 1-14 follows.

35 USC § 102

(2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that a patent shall not be deemed filed in the United States for the purposes of this subsection based on the filing of an international application filed under the treaty defined in section 351(a)
